... That is -

where King Egeus
attempted to after being
the bottle 12 years ago

That is after -

where the chief
guard Egeus lost his
eye and survived.

And that is also -

where we are
supposed to meet if
both of us are alive

Then, today is the
pleasant birthday?

No

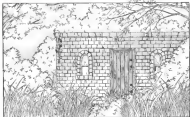

Today is the promised
day from 8 years ago.

That day means
our birthday, so
she would not
forget.

From here, we should
split into two parties
and continue. We don't
want any attraction.

- I am not sensing
any presence

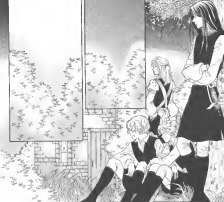

I will go in and check

There is no one
in here.

Perhaps, that is a
wrong day ~

That is the correct
date.

How could I ever
forget ...

The day I would be
able to meet my dear
father ...

From Karshika to
Ravana ...

A day felt like a year ...

... 3 years ago

Could you tell me
exactly how you made
the promise, Sir P?

Did you cheat the
date, or did the king?

later managed to reach Kaniwa after much hardships.

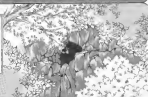

However, a fierce battle was going on for days, so we were unable to meet the king

Soon, we were told that King Sigun's army managed to slay Bender, and the flow of the war was on the King's side.

We were also told that the king would reunite with his daughter at the castle which he would soon take back.

Therefore, I hid the children in a nearby cave and waited for the war to end.

However, Shador's large
army started to flow in.

Still, using Rensu's
environment, he managed
to hold off Shador.

The only reason
he lost was -

Because a traitor who was
feeling too sorry for the
other side exposed a
secret supply route to Shador.

After being cut off
from supply and
surrounded, the last
bottle started...

That was today.

While the king's army
was being slaughtered.

I felt strong urge to
save King Deyan.

She has already
lost her mother.

I did not want to
her to lose her father.

I've attempted to
force my way in.

Although I was
wounded in the
process.

I did manage to reach
King Deyan who was
still fighting with many
wounds.

Sire !

Sir !

Sire, I will make
a path !

Your maid escapes !

Be ?

Prig ?

Prig at what ?

Be ?

BT P!

She said.

Sire !

Get out of here
alive !

And protect her !

Don't worry
about her !

I want you to live !

Yes, we will meet
again - alive - !

Tell her that

We will meet again
- alive - !

Right here after a year !
If not, at the house
by the port two after
another year ! Today will
be the date !

If I still don't see you
by then, I will assume
that something
happened to you !

Then, I will wait for
Pry to become old enough
to travel alone !
5 years from now !
She will be 12 !

I understand !

See ?

To Pry -

Her father
loves her very much -

Tell her !

I was wounded even more while trying to save the cows.

I barely managed to return to the cave for the children.

While I was trying to retreat,

I encountered Shaker's army that was chasing remaining men of King Egan.

They found me, who was covered with blood, surprised and tried to capture me.

I was unable to fight well with so many wounds and children on me, so I ran while fighting back occasionally to feed off them.

where we ended up
was a cliff

would be killed
if we were
captured.

I thought that I'd rather
fall into the water there
may be a chance for
survival.

The church was made
momentarily

... And I lost track of time.
When I regained my
consciousness, we were
apparently rescued by Ben.

But we were unable to
leave from the job
next year and even
another year later

And -

It passed here,
this is the day.

...Do you think
he is still alive?

I do not believe
they found her
body from the
battlefield

Neither was the
chief guard's body
found.

For those two reasons,
they searched the whole
hamlet very thoroughly.

Who was the traitor?

We don't know.

If his identity was
known, he'd have been
killed -

By hands of former
allies.

Before it gets any darker,
I think we should prepare
food and a place to sleep.

I am going to stay here.

I will go get food
from the forest.

I will go.

General Green's
youngest brother?

He will guard you in
exchange for me now on.

We could not
bring the him.

Great the prince.

My father greet
you, Prince.

You may just call
me Vign.

How old are you?

Exquisite!

It's been
at least five ... a
long time ...

How ... have you
been doing ...
I was ... worried.

It has been only
five days.

Though I guess you
are tired since you
haven't been to my
parlor recently.

the building!

You said ...

Oh ...
there ...

From now
on, you will
not like a
body in front
of me.

And address
should properly

You are not welcome
to even see public!

What's that?

My personal
guard

My -
something

Sire -

Why don't you visit me
in my rooms?

I need to get
out of her
right.

That old woman
can't bring me back.

Over... there... there...
there

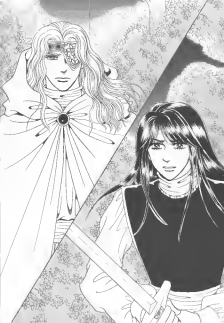

There...

Princess

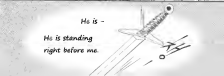

I intend to kill you, are I

Darkness
your Deu...

Agnes, Veda
who lost her eye here
and still survived

He is -

He is standing
right before me.

Don't ask me how I know
what he was remembering ..

It felt as if looking at his face
100 years ago ..

Like yesterday ..

Like how I saw the big brother
for the first time ..

Before even asking the question ..

My soul already knew ..

For so there was about shaking
in my heart.

Could be ...

It cannot be you

I am here

... It cannot be true

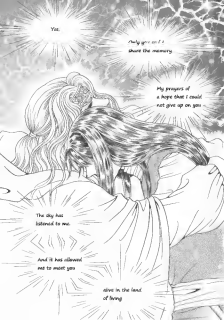

How cannot he still alive

You thought you
retrieved the old water
storage can in the south.

It is not here.

Yes.

Only you and I
share the memory

My prayers of
a hope that I could
not give up on you

The day has
listened to me.

And it has allowed
not to meet you

live in the land
of living

We must do
this with haste !

Fire faster !
Make a path in middle
so that prince Yapsu can
charge forward !

As soon as he makes
a path, you must rush
in and attack their
behind

I already know
Don't worry

Shadur and Anastasia
are connected by bond,
but it is covered with snow
and ice, so it is extremely
hard for armies to go
through

It is good that we can
reach Shadur by sea
relatively quickly

Now !

Fire harder !

Do not stop firing
until Prince Yaps takes
their rear!

Do not give them
time to turn and fire
at him!

How kind ...

you lady, Princess.

I, Ragna Veldra,
greet you.

Shirley Loe

I am delighted
that you are alive.

The king's words
were true. I see.

where is ... Father ?

He isn't capable of
doing that.

is he alive ?

He is ... alone.

He is waiting for you.

Followed?
Followed in the name of?

At his side.

I know it.

I know he must
allow.

I would do as best
as was possible.

Are we going to leave
now?

I know that he'd keep
his secrets about what must
remain.

It is too dark to
notice now.

We will have been
big stars.

Well then,
I will prepare music.

The princess has not
arrived yet today.

Is he that man,
Dad?

I am not too certain.
He is the lord of the
air we were staying.

He is a flowerer for
nothing, though
and he the best to ask
your brother about him.

Big like wing.

The thing I love.

He would never here
to want Prg or neither
what is thing as he is
also.

Is he ...
really alive ?

He is alive. He is just
a little ill. That is all.

I did not say that
to the Princess.
There is no reason
to make her worried.

Grace Can ...

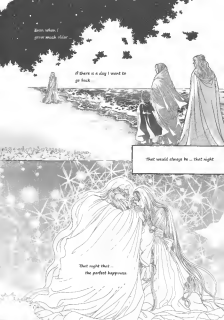

That night I met
father for the first
time and like that
a night without
Mama.

Yes ...

I've never forgotten
about that night.

It was the night
when I met my father
for the first time ...

It was also the only
night my whole family
had a chance to spend
time together.

From when I
grew much older ...

If there is a day I want to
go back ...

That would always be ... that night

That night that ...
the perfect happiness

My heart's full
of love

My hand
feels

The night
I sleep forever
there

Your gentle night ...

I cannot take
anyone but you
trust in the role

He is my life source.

He has helped me go
through the times of
possible death. It was
him who made it possible
for me to be here.

He may have saved you,
but there is no telling
what he has in his
mind

I would have been dead
without him.

I will take full
responsibility for
whatever may
happen.

There is no time for a
long story now.
I will tell you the full
story later. You will be
able to trust him now
you hear the story.

It will be a while
before dawn.
Why don't you take
a nap.

I can't sleep .

I don't think I will
be able to sleep
until I meet him.

Don't push
yourself

I am sure that the
king would not want
to see you ill

I am fine.

Don't worry about
me. I will sleep when
I am sleepy

I cannot sleep .

Because I am afraid
that this might just
be a dream when
I wake up

Now that he is able ...
I've waited for such news, finally ~

I should want it for he is
my dream.

All that murky night ~

The way I met my father was
as if it was a dream ~

*This time, I am going
there to see you.*

Princess

Yes -

André's naval forces
have defeated Prince Mela's
many forces and are about
to successfully land.

Already ?

Prince Mela now
sits in the castle
and remaining ships
have fled

Our forces are preparing
for full assault

Turk's victory on sea was expected
what he has prepared killed
naval forces with Ottoman
ship technology and captured

Oh lord, however
Prince Mela will be
forced to be taken down

This war will likely last a long time.

Wouldn't Shador have advisors on their side?

We will have to act about that.

Her general, Doran, has gotten to know land of Shador since he has been with Princess Theodora Shador, for her Prince Yago with her.

To make it worse for Shador, they have worked too much men during Emperor's death over 10 years ago.

In addition, considerable amount of armies and citizens have settled in Shador.

Either way, it is certain that both countries will suffer heavy damage over this war.

...

*What should we do
if Prince Muzo asks
for reinforcements?*

We don't betray us

*However, he also has
retired Lello de us.*

*If Antonio takes over
Gander, their next
target would obviously
be us.*

*Since they like to
wreck other countries
so much.*

We are not weak now

*And that is because humans
needed us to form proper
moral forces in addition to
their livestock ...
That ... we failed to help
them in the critical moment.*

*If Mass becomes desperate
enough, he will call back
through those humans.*

Jaques

www.jaquesbooks.com

That's true.

They should call back
their troops from Ravana's
rather than asking us for
reinforcements.

This would be the
perfect time to
take back Ravana's
if King Sigeu is also...

Indeed, both Shadur
and Andarim have no
time to pay attention
to Ravana.

Especially, Shadur...
They won't have spare
men to send to Ravana's
for a while even if they
do succeed in defending

Oh? The 3rd mistress.
It is time to see you
with my plans.

Have you heard?
Yor has already headed
out and has already had
one battle with Moor!

Well? Yor seems
here to fight, so
they fought.

Yor was able to head out
and construct a camp.
Doesn't that mean Moor
hasn't lost yet already?

That must have been
why the 3rd mistress
phase was head. Moor's
death and rise of Moor
is rising —

You are speaking as if
it does not matter to
you. If Moor keeps
living, they won't
leave us alone!

— Our lives have
already ended when
the long passed
away.

Even if Moor does
win, we will still be
watched.

Why don't we attack
them tonight?
They must be exhausted!

No, that is too risky
if they expect our attack
and are prepared, we will
be done for!

At this point, I believe
we must make the next step

They are far from their
homeland, and we will
have more advantages
as the war lasts longer

Why aren't we
sleeping?

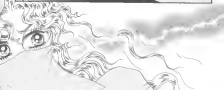

Just as you Frodo Baggins
studies at all night,
we are doing homework

Academicians are
sleeping

Then why don't they
let us sleep first?
Haha, I am best

I'd like to move her
to a room ...

She will wake up.

If she wakes up, she
will want to be alone
again.

Leave her be.

You must be tired.
I can take your
place.

I am here.

You still don't
trust me

I cannot let my guard down
until I send her to her father

I am very grateful ...

For the present ...

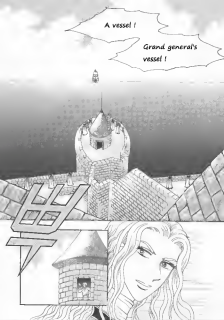

Isle !

Isle's in visual !

A vessel !

Grand general's
vessel !

That's the reason you
realized that you must
go and --

Friends,
I am the 3rd son of
the Vento family,
Giovanni Vento.

I greet you

I am honored to
meet you

And ...

Here is your
younger brother, Hui

Brother Go,
it's me, Hui

What ... ?
Hui ... ?

Are you really
Hui ?

Are you really our
younger brother ?

— Yes —

At home, our contact
returns to —

There were —

Five visible children —

Five —

You have no idea how long we've been looking for you!

Especially, Father was really ...

Can you see in front of the princess?

That's enough for now.

I ... I apologize, Princess.

It's alright.

By the way ...

Where is Father?

He must be waiting for me ...

Sure...

Presented. From Ann entered

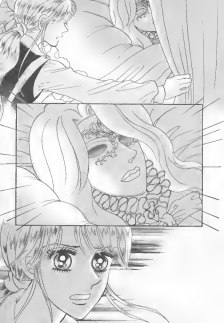

... Father,

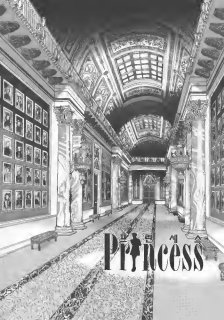

This is Pig.

Uncle Can I?

Princess

This is...

Yes, a short grey wood
for water

How did she
get him?

We found it from
remains of the
burned house built on
Korobaka island.

He then always
had a gentle face
more than...

Can he hear at least?

... No, he cannot.

Can he not move?

No, he cannot.

Just how bad
is his health...

There when...

There is a letter
under the door.

He wanted you to
read it.

My dear daughter, Fey -

I am writing this letter, hoping
that you will be able to read it one day.

No, I do not want you to
even open this letter at all.

Because that would
mean, I would want
you dead.

I worked for such a long time
to...

So that I would keep you
again with my own arms -

I hoped and hoped...
what list of my
days went on...

If you are reading this letter ...

*That would mean that you and
I are in different worlds*

Uncle Leo !

Father ...

*What has happened
to him ...*

*Please ...
continue reading
the letter ...*

Uncle Leo?

Please ...

Where is father?

Read the letter
completely

When you are
done ...

I will tell you ...

My dear Fry ..

Please excuse my ... shaky
writing ...

I am having a hard time
making my arm ...

But still ...

I wanted to say that I loved you

My world when I did know you -

And my world when I knew you -

They were completely different

I realized that when I saw 7 year-old
you

I realized that I didn't know the world
when I didn't know you

*i felt that your sadness was
my sadness*

You were my world

You were my everything

I wanted to live for your well being

I was the reason you are in this world.

*Therefore, I wanted to do
everything in my power
to make your life better*

I wanted to protect you

I wanted to make you happy

But I - what is wrong
with -

what is unable
to do anything at all
for you

Useless -

It hurt me so much.

Over time I saw you, I had been deceiving -

*Watching you grow up and
guide you gently*

Laugh and cry with you

*If possible, I was willing
to become a stopping
stone for you -*

*If possible, I'd remain
close forever in your
shadow -*

However, the dress I have right now as I write this is -

If I am allowed to see you once more -

If I am allowed to live for that long -

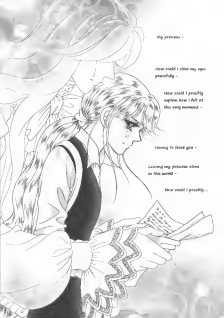

If so, I would be willing to give
up my right to rebirth (Incarnation).

How could I possibly explain
my desire to see you terribly -

How could I say to you just
how much you mean to
me clearly

My presence -

How could I show my eyes
graciously -

How could I possibly
explain how I felt at
that very moment -

Having to leave you -

Leaving my precious friend
in this world -

How could I possibly -

However, Ping ...

Does it feel so bad about my ill fate

Don't also feel that you are left alone ...

Even if it is going to be a lonely path to walk on ...
please be there.

Does it sting

Don't feel hurt

Think that I will always be
with you

My dear daughter, Prince Selene Pygmalion ...

Please forgive your father who has left only the name to you ...

But I do know

*That you will overcome
any obstacle you come across*

You will shine in darkness

*And you will embrace this
world with your light*

I want you to ...

let darkness mark my path.

*So that my glowing path
shall become a holy path
that will perhaps open
another bright path for
you to glory*

*As if taking a mortal
my vision of my last
moments*

*I hope that only glory lies ahead of you
I hope that only happiness lies ahead of you*

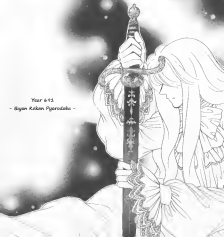

While preparing for my long journey, I pray to our God, Dada.

Dear Dada, please protect my daughter

Dear Dada, light glory over my daughter

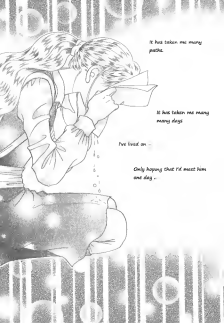

Year 693

- Bayan Rahim Pyroclastic -

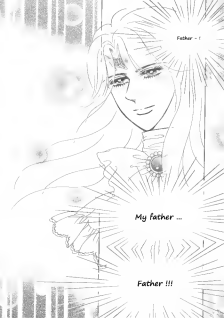

It had taken me many
paths.

It had taken me many
many days.

I've lived on —

Only hoping that I'd meet him
one day —

Father ...

My father ...

Father !!!

My king -

And my dear friend -

Sire !!

This is almost
midnight

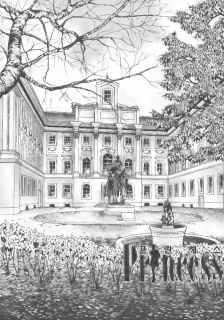

Just tell us honestly
is the king absolutely
sight 7

They will be out there
soon. Please wait.

PERCIVAL

It took you so long
I was worried

He was sleeping, so we
had to wait until he woke up

Show him to the P

Actually

We can no longer speak.

Yes, he told me to tell you
to understand that he does not
tell you in person for some.

He also thanked you
that you were able to
take me this far

He wants that Ford
can you go down at the
gate house

It is very late now
let's wait here you return to
sleep for tonight.

Please follow me.

I understand.

My I

I should stay by
Ford's side.

What if you and a woman
might meet in February?
Don't worry. So.

I am

I am --

Good night, everyone.

Yes, Princess.
Please sleep well.

Did he... really
pull away?

You, he is really... dead

I... sincerely apologize...
I could not protect him.

... when I

It's been... almost
three months.

The letter was written
early this year...

When he could still
see...

Where was he
buried?

Why... did you
know that he was
alive?

It's a secret place
only he and I know

It was his request
he did not want the others
to know that he was dead
even before the funeral was
held over

I am not sure to say
that it was risky...
but he did hide his
face and started to wear
a mask in order not to
show you...

But, right after he wrote the
letter, his associates became
more fast and...

Who else knows that
he is dead?

Only I know
for sure

You mean even
captain Gensouji doesn't
know?

He may have found out,
however. I did not tell
him and he did not ask
me.

Now that you are here,
I will inform everyone
of his death.

Father is alive.

*He is still alive for
his people.*

*And he is very much
alive for me as well.*

Oh, I am still a princess.

Do not forget Piy ..

That your country is Raridon ..

Do not forget ..

Don't cry

Don't feel hurt

Think that i will always be with you

That will be the last until
the day we take Raridon back.

Dear Oshin, please
lend me your powers.

Until the day?

Please—

*Sorry for the waiting
Your items has been
prepared*

Gracie has

*Before I go back
I'd like to see my
father*

Right ... now ?

*Wouldn't it be
better to move
under darkness
than daylight ?*

... I understand.

Please, fingers not
shall be paid to the
buried that this...

When I was
your home -

I was wrapped around
this shirt. I was held -

It was hard -

That is all there is left
of it -

I am sorry -

That neither could ever have together -

After tonight...

Until I am ready to take
your hands ...

I will not cross them ...

I will not cry

And I will not look back, either ...

Because I believe that ...
you will always be with me ...

Here ...

Have you gone to see the ?

I guess ... you have
been already met ...

My last beginning wish
was to end myself ...

When I would take my
leave of you ...

But I see that
you are not
leaving me do
that ...

I don't feel too bad
that Serina is not
here

Not at all

His only comfort has been
Serina and his night family
in his whole life

Now that the Princess
is here, he is probably
going to guard her
for whole night

But I am sure that
his mind is here with
us

He was the only one
who kept looking for
you

Seraphina... even I
believed that you were
dead... but he still went on

I mean, it still looks
like a star

Never found you
at last...

I feel the same

None of us thought
that you'd be in
Anatomie all along

And you were
even sent out as an
Anatomie wardener!

We're getting late.
Let's talk tomorrow
with brother

You will be with us
for many many days
from now on.

Good night
brother

This is a secret storage room which only the king and I know.

Everything is here in one place.

The books in middle contain documents which the king prepared for you.

These documents are locations of Kamuro's rebel spots, secret passage maps of the Kamuro palace, and military strategies and so on.

Anything that might even remotely assist you have been gathered here.

Can you see me?

Teacher!

Friend... Rado...

Yes, I'll find Rado!

How did I...

Could you remember?

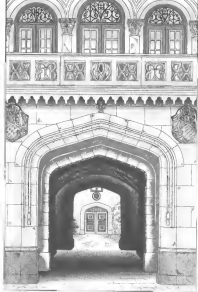

I was searching the area when I found your home.
Suddenly, you appeared
smiled in front.

Thank you!

You've been asleep for 3 days
On the same day I found you,
I also heard that King The was
awakened.

Princess

Not everyone found
that King Torr's story
convincing.

It seems to have
sincerely found the
rest by narrative.

Audience, which are
being very sensitive about
the fact.

You were being chased by
Aurathian men -
Did this incident have
something to do with you ?

Both of us would have
been killed by them if it
were Eiliana's scout army .

Galadriel - 2

Sary - 1

The guards outside
of your tent are
dead —

Edu ...

Please don't die ...

I will die ...

Whatever you want me to do ...

No... please don't leave.

I am not ... going to let you
leave here from now on ...

Sirs...

Sirs...
can you hear
me?

Doctor...

His last his coughs were
again.

The sound is not
healing but rather
due to initial pressure.
From the start
if you know him like
this—

If you know him
like this... what?

He must never
be seen.

But it's his right arm !

But the poison is
stronger than strong
his antibodies is
working against it.

The only reason he is alive
is because he has been
streaming little amount of
poison over time.

I'll make it as far as
the poison is contained.
But if we loose the wound
like this he will slowly lose his
life due to the rotting wound.

The darkness need
to made gone.

Save it.

Sure.

You are needed.

Sure I

Do it now ...

Yes ... now

And Prince Naga

You are

Continue attacking
as if nothing happened.
Right ... he was also
wounded, so there
will take over my place

How could I leave
you now at a time
like this?
We should wait for
you to pass this
critical moment
and recover the battle.

My condition... will not
change whether someone
is here or not.

Before the money
falls out about my
condition, resolve
the battle.

I understand.

Yes.

I shall see you...

After the battle.

Clarke -

Edith Bander -

Gloria Henda
with deep blue eyes

These are clothes
that the lady chose
for you.

There is going to be
a business ceremony
for you soon.

Is that it going on here?

Now is a good time to
consider why you are
shadowing the Pillars.

You're better
spread the truth.

I was going to say that for
the King ...

My real name is -

Frederic Redgt

Redgt ?

Elizabeth Redgt was my
daughter

if that's true,
why didn't you say
that before ?

Don't tell me
would believe me ...
the way

Can you prove it ?

I can prove in front of the king

*that he would leave
his physical characteristics.*

You could tell me

*You may be too
young to remember
little details...*

*I remember
everything about
my mother...*

And ...

Fairy tales which my
mother told me when I
was young ...

With her own stories
I realized ...

And I still remember
the names of the
grandfather in her
stories ...

Freddie Knight ...

Thank you ...

For still remembering

Have you even heard
of this story though...

When the queen was
born ... there was not one
who at her mother's house but
me ... so I had to take the
baby ...

And it was also
me who had to
leave her behind
and ...

And because I did not
